290,773 MEN TO REPORT TO CAMP BY NOVEMBER 21

New Mexico Will Send 2,123 Registrants to Camp Cody and 105 to Fort Rosecrans; New Registrants Called.

Washington, Nov. 2.—Draft calls for the mobilization of 290,773 additional men at army training camps before November 21 were announced tonight by Provost General Crowder. Between November 11 and 17, it was announced, 252,335 white men physically qualified for general military service will continue making the latest single call issued under the selective service act.

The remainder of the November total, as far as announced, will be made up of negroes for enlistment November 19 to 21.

With the assembling of the men provided in these calls at camp the total number of men inducted into military service under the draft will have passed the 2,000,000 mark, and the number of men in the United States army, in the field or in training will total more than 4,000,000.

Men who registered September 15 under the act extending draft age limits will make up the largest proportion of the November mobilization as the eligible list remaining from previous registrations largely was exhausted by the October calls. Through the October calls were suspended because of the influenza epidemic, nearly all have been released during the last three weeks. In states where the calls have not been released, men called for camp in October will leave with the men called for this month. Calls for additional men to entrain later this month are in preparation. It was said today at the office of the provost marshal general. Entrainment by states and camps of the 252,335 white registrants will include the following:

Arizona—257 Camp Cody, N. M.; 644 Kelly field, Tex. Total, 771.

California—2,000 Camp Lewis, Wash.; 12,049 Kelly field, Total, 15,049.

Colorado—2,329 Camp Pike, New Mexico—2,123 Camp Cody, New Mexico—105 Fort Rosecrans, Calif.

Texas—3,000 Camp Bowie, Tex.; 8,500 Camp Travis, Tex.

Texas—1,202 Fort Crockett, Tex. Colored registrants include:

California—55 Camp Lewis, Colorado—10 Camp Funston.

F. H. KENT, OLD RESIDENT HERE, CALLED BY DEATH.

F. H. Kent died at his home, 923 West Copper avenue, late yesterday afternoon, after a brief illness from Spanish influenza.

The death of Mr. Kent removes from the scene of action one of the pioneers of Albuquerque. Born in Boston, Mass., in 1851, he came to Old Albuquerque in 1875, and in 1881, when the new town was founded, he opened the first drug store in Albuquerque. Shortly after this the post-office was established here and Mr. Kent became the first postmaster, his commission bearing date of February 13, 1881. In 1886 he was elected probate clerk of Bernalillo county, holding the office for two years. At the time of his death he was conducting a real estate and insurance business, which he established many years ago.

Funeral arrangements will be announced.

OFFICER EMPLOYED TO ENFORCE HEALTH RULES IN THE MEADOW CITY

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
East Las Vegas, N. M., Nov. 2.—A special officer has been employed by the city council to enforce the health regulations put in force some time ago to prevent the spread of Spanish influenza. It had been reported to Mayor Hood that several of the stores and other places where the public congregates had allowed more than five persons to enter at the same time. Five is the limit, and places that continue to allow more than that number inside will be closed and their proprietors or managers prosecuted.

The city of East Las Vegas has a good record in its dealing with the influenza. During the month of October 236 cases of the disease were reported. There were only eight deaths. On the west side the figures are not available, but it is known that the number of deaths has been much larger. However, the spread of the disease on both sides of the Gallinas river seems to be checked to a large extent.

In the country districts of San Miguel and Mora counties conditions are reported to be much worse than in the cities. Nearly 100 deaths have been reported from the territory including the West side and the New Mexico hospital for the insane. At La Cueva, a small hamlet in Mora county, 12 deaths occurred on one day.

Tuberculosis

Its Prevention and Proper Treatment by One Who Overcame It.

This little book is very comprehensive and has the endorsements of some of the nation's most eminent authorities. Selekar M. Gunn, editor of the American Journal of Public Health, Boston, Mass., says: "It is one of the best little books on Tuberculosis that I have seen." Get it and study it carefully, then send it to some relative or friend. Price fifty cents. On sale at the book stores and the Highland Pharmacy in Albuquerque or direct from the author.

T. W. GILSON, Albuquerque, N. Mex.

Display Election Returns

Washington, Nov. 2.—Fuel Administrator Garfield announced today a modification of the lightless night order to permit all newspapers to display election returns Tuesday night.

Mr. Edison himself has perfected the new INDESTRUCTIBLE RECORD and has revolutionized the phonograph by using a diamond point instead of steel needles. Consequently there are NO NEEDLES to change and no scratched, broken records.

Read What This Paper Says of the New Edison:

"Miss Verlet began her comparison of her own voice with the Edison reproduction by singing Verdi's 'Caro Nome' stopping occasionally to let the instrument finish her phrases and thrills, so successfully that only the slightly reduced volume and the fact that her lips were closed proved to the audience that it was the machine and not the artist that—or would you say who?—was singing."—Albuquerque Morning Journal, Dec. 19, 1916.

Mail or Bring This Coupon In to Our Third Floor—Rosenwald's—Albuquerque

GENTLEMEN:

I would like to buy an Edison Diamond Disc Phonograph and would prefer paying on your very easy payment plan []. Before I buy I would like you to ship me an Edison to compare the tone with other machines and prove beyond a doubt that it is the best machine to buy [].

LARGE NUMBER OF BOOKS COLLECTED FOR THE SOLDIERS

In the last drive for books made by the war libraries for the American Library association, there were 10,000 volumes donated by the people of N. M. Mexico. All these books were sorted and prepared for distribution and sent to the following camps: Camp Cody, 6,577; El Paso for traveling libraries along the border, 1,000; San Antonio, Tex., for border, 110; Camp McArthur, 25 volumes in Italian; Harlingen, N. M., 200; Camp Harry Jones, Arizona, 200.

These books were collected in twenty-two towns in the state and there are several hundred still on hand. Books are being furnished to all the outposts on the border as well as to the schools and colleges having military training.

In the city there were 2,000 books collected, of which 2,700 were sent to Camp Cody, at Deming, and 200 sent to El Paso, Tex.

THREE POUND SUGAR RULE HAS AMENDMENT

The new three-pound sugar rule for every ninety meals served by public eating places became effective November 1. This means that to no event shall the amount of sugar served to any one person at any meal exceed one-half ounce. The sugar is twice now authorized in one teaspoonful or its equivalent for tea or coffee, plus one teaspoonful for fruit or cereal each meal. In other words, the patron is allowed a maximum of two teaspoonfuls of sugar each meal.

EXCHANGE LIMIT ON BONDS EXPIRES SOON

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Nov. 2.—Owners of First Liberty Bonds converted, and Second Liberty Bonds, bearing 4 per cent, who wish to exchange them for bonds bearing 4 1-4 per cent, must do so before next Saturday, November 9, when the conversion privilege of the law expires. This can be done without cost at any bank and the only effect is to give the bondholder an extra quarter of a per cent interest, which amounts to 25 cents a year on each \$100 bond. Third loan bonds are not to be converted, because they already bear 4 1-4 per cent interest.

In calling attention to the fact that only a week remains in the conversion period, a statement authorized today by Secretary McAdoo said: "It is safe to assume that upon the

expiration of the conversion privilege that fact will reflect itself unfavorably in the market price of unconverted 4 per cent bonds which have heretofore been maintained substantially on a parity with the converted 4 1-4 per cent bonds by the existence of the privilege of conversion. The treasury now asks the newspapers of the United States, bankers, brokers and others to do what they can to bring these facts before the attention of the bondholders."
